

Anna MOSAKI

+33 7 64 69 59 33 | mosakianna@gmail.com | Paris, France

Seeking a full-time role in quantitative research, data science, trading, or finance. Available for immediate start and open to opportunities in the United States and Europe.

EXPERIENCE

BNP Paribas CIB

Paris, France | Oct 2024 – Sep 2025

Quantitative Researcher – Data Scientist, GM Quantitative Research & Engineering (PnL)

- Built anomaly-detection models on financial time series, improving signal quality and monitoring for front-office trading desks.
- Partnered with quantitative and risk teams to translate model outputs into actionable risk-reduction recommendations.
- Contributed to an NLP pipeline analyzing trader communications, supporting compliance and market-intelligence workflows.

BNP Paribas CIB

Paris, France | Jun 2024 – Sep 2024

Summer Intern, Quantitative Researcher – Data Scientist, GM Quantitative Research & Engineering (PnL)

- Developed and evaluated deep learning models for cross-asset pattern detection; improved accuracy of internal risk dashboards.
- Presented technical results to senior stakeholders through structured memos and executive-ready presentations.

Les Associations Mutuelles Le Conservateur

Paris, France | Jun 2023 – Aug 2023

ALM Modeling Intern

- Quantified portfolio Vega sensitivities to inform asset allocation and asset-liability management strategy.
- Built Excel and VBA tools to automate financial simulations for the investment team.

EDUCATION

ENSAE Paris – Institut Polytechnique de Paris

France | 2023 – 2025

Engineer's Degree – Master's Degree, Finance, Risk & Data

Award: Best Internship Prize.

Relevant courses: Machine Learning for Finance, Time Series Forecasting, NLP, Stochastic Calculus, Risk Management, Derivatives Pricing and Hedging, Algorithmic Trading, Green Finance, Parallel Programming.

Université Paris-Saclay

France | 2020 – 2023

Bachelor's Degree, Mathematics & Economics

École Polytechnique Fédérale de Lausanne (EPFL)

Switzerland | 2018 – 2020

Bachelor's Degree, Mathematics

LANGUAGES AND IT SKILLS

French (native), **Russian** (native), **Kurdish** (native), **English** (fluent), **Portuguese** (advanced), **Spanish** (advanced), **German** (limited)

IT skills: Python (pandas, scikit-learn, TensorFlow, NLP, Streamlit), SQL, VBA, C++, R, Excel, LaTeX

PROJECTS

- **1st Place , GenAI Hackathon , AWS , Mistral , Sia Partners , Gide** : developed a RAG system to automate legal document completion.
- **1st Place , H-W3B Hackathon , Sia Partners , Tezos** : designed a blockchain-secured digital car passport. Solidity
